www.linkedin.com/in/mr-broker

I express my interest in your Company, renowned for its innovative approach to technology. My diverse roles as a developer and technologist equip me with a mix of technical skills and visionary thinking. My keen interest spans from web and mobile app development to cybersecurity.

My projects, visible at github.com/Mrbroker425, reflect my commitment to tech innovation. In today's digital age, adaptability and foresight are crucial. My career journey has taught me to view challenges as learning curves.

My leadership approach ensures growth at both personal and organizational levels. Given your Company's reputation for industry excellence.

I'm eager to learn and to offer my skills to champion your mission. I aim to thrive in a collaborative space where ideas, innovations, and technology synergize.

I'm enthusiastic about the potential collaboration and its impact on technological advancement. I hope for a chance to discuss how my expertise can further your Company's goals.

Thank you for considering my application.

Profile:

Having been exposed to the world of Information and Communication Technology (ICT) at Sol Plaatje University, I predominantly focus on application development. My fervor for technology, demonstrated by my impressive academic results and enriched by certifications from freeCodeCamp, drives my ambitions. Outside the lecture halls, I have dived into enriching activities such as the Wits-Afretec AI Workshop and have engaged with communities like Geekulcha.

While early in my academic journey I have obtained the knowledge I needed and I am willing to work now if given the opportunity, I am ardently seeking real-world experiences. I aspire to channel my foundational competencies into an innovative organization, fostering mutual growth. With a keen inclination towards web and mobile app development and cybersecurity, I'm geared up for challenges, and ready to perform both autonomously and collaboratively.

Activities & Societies:

Geekulcha

EDHE Entrepreneurship Intervarsity

Wits-Afretec Artificial Intelligence(AI) Workshop

Provincial Coordinator mLab Northern Cape (Startup Boots-up)

Certifications from freeCodeCamp:

Data Visualization: Proficient in JSON, json API, AJAX, Dj3, and Bootstrap.

Front End Development Libraries: Skills in React.js, Redux.js, jQuery, Bootstrap, and JavaScript.

JavaScript Algorithms and Data Structures: Proficient in Problem-Solving and Creative Problem-solving using JavaScript.

Responsive Web Design

Academic Achievements (2023):

APPLICATIONS DEVELOPMENT FOUNDATIONS - Year Mark: 78%, Final Mark: 82% (PASS WITH DISTINCTION)

ICT FUNDAMENTALS - Final Mark: 62%

WEB DEVELOPMENT 1 - Final Mark: 81% (PASS WITH DISTINCTION)

CORE CURRICULUM 1 - Final Mark: 65% (PASS)

In conclusion, I seek a role in a forward-thinking company where my skills and enthusiasm can fuel its goals and where I can continue my path of learning and contribution.

Regards,

Liyema Swartbooi
